

FIELD OF DREAMS

A Special Field for Special Players!

The Miracle League at Town and Country makes it possible for mentally and physically challenged children to do something extraordinary—play the game of baseball. On the specially-equipped synthetic fields of the Miracle League, children in wheelchairs and walkers are able to move across the field just like any other kid. Yet the league is much more than a specialized field. It is a place where differences disappear, friends are made, and lives are touched.

There are over 14,000 special needs children in the Central Texas area. With the generous support of people like you, we have been able to complete construction on the specially constructed field and will be able to help many of these children and their families. We can provide a place where every child deserves and can “play ball” and we will say NO to NO child!

Our field of dreams in Austin, Texas is the Round Rock Express Miracle Field and their League is The Miracle League at Town and Country.
